## THE NMI FUTURES SCHOLARSHIP OPPORTUNITY

---

The Bannister Foundation was founded by Justin L. Bannister, a UGA graduate and alum. From an early age, he was immersed in technology. From cassette players (remember those?) to computers to Blu-ray to iPhones, he was always interested in the latest and greatest technology trends. But as a New Media student, he found that students didn't have the advantage of getting hands-on experience of the very same technology they are supposed to be using.

As a former student, Justin knows how hard it is to purchase anything, much less a new computer, on a student budget. He always knew he wanted to give back to the school that gave him so much. So, with your help and the Bannister Foundation, we can give students the opportunity to gain that hands-on experience with their very own computer.

THIS FORM WAS CREATED INSIDE THE BANNISTER FOUNDATION INC.

Students who submit an application certify the information provided on the application is correct to the best of their knowledge. Falsification of information will automatically disqualify a student from receiving any scholarships. Students agree that by applying for this scholarship, The Bannister Foundation may share and/or use their name and scholarship information with the local media, television, radio, social media platforms and/or The Bannister Foundation website and submitting this form acts as a signature for the application.

The Bannister Foundation prohibits discrimination and harassment and provides equal opportunity in its admissions, educational programs, activities, and employment. This is the case regardless of race, color, religion, gender, national origin, age, marital status, sexual orientation, political affiliations, veteran status, and disabilities that include HIV and AIDS and medical conditions. The Bannister Foundation will allow bona fide occupational qualifications in those instances where age, gender, or physical requirements apply to the appropriate and efficient administration of the position.
